CALIBRATIONS and SERVICES

For backflow calibration service, simply drop your backflow gauge at any **Winstel Controls** location or use our Online **EZ Calibration Form** for a quick 3-day turnaround service.

One of our Certified Calibration Specialists will complete the following services:

- Pressure Test
- Leak Test
- Replace Filters
- Replace O-Rings
- Calibrate Gauge
- Provide Certificate of Calibration

*We also offer
Pressure Gauge
Calibration Services*

Scan the QR code at left and complete our **EZ Calibration Form** that will generate your prepaid UPS shipping label and paperwork for your calibration.

TRAINING and CERTIFICATION COURSES

**BACKFLOW 911 IS ONE OF THE
NATIONS LEADING BACKFLOW
AND CROSS CONNECTION
EDUCATION SCHOOLS**

APPROVED BACKFLOW TESTER CERTIFICATION

Available Courses:

- Backflow Tester Certification Course**
- Backflow Tester Re-Certification Course**
- Backflow Assembly Repair Course**
- Utility Cross Connection Control Specialist Certification**

Accreditations:

- Nationally**
- ASSE**
- States**
- Indiana**
- Ohio**
- Kentucky**

Where:

We schedule classes throughout the year at our locations. Scan the QR code below for dates and locations of our current scheduled classes. We can also conduct training at your facility as our wet-lab is fully mobile. Contact us for minimum requirements and a quote.

Instruction:

We teach current backflow regulations specific to state requirements following 10th Edition USC and ASSE testing procedures, troubleshooting procedures, and backflow assembly repair. Students receive their ASSE, Ohio, Kentucky, or Indiana State Backflow Tester Certification by successfully completing the required course. When approved in advance, we offer Continuing Education Hours for Backflow Testers, Plumbers, and Certified Water and Waste Water Operators.

Why You Can Trust Us:

At Backflow 911, you are trained by accredited instructors who have met or exceeded the strict standards set forth by these government agencies and organizations:

- American Society of Sanitary Engineering (ASSE)
- Indiana Department of Environmental Management
- Kentucky Association of Master Contractors
- Ohio Department of Commerce

Open Your Own Account at
winstelcontrols.com

The image shows a desktop monitor and a smartphone displaying the Winstel Controls website. The desktop view includes a navigation bar with 'Home', 'Products', 'Training', 'Resources', and 'Contact Info'. A search bar is present with a 'SEARCH' button. Below the navigation is a banner for 'We Do BACKFLOW' with sub-categories: 'Devices', 'Parts', 'Repair Kits', and '... and Expertise'. A grid of product categories is visible, including 'BACKFLOW PREVENTION', 'MOTORS AND ELECTRICAL', 'HVAC PARTS', 'HVAC EQUIPMENT', 'GAS METERS & REGULATORS', 'CONTROLS', 'HYDRONICS', and 'IAQ & AIR FILTRATION'. A 'Welcome Back' sidebar is on the left. The smartphone view shows a mobile-optimized version of the same website with a grid of product categories.
